Bill's new name is John: John the Revelator, John the Beloved Father and John the Builder of the House of God. Bill functions in: 1) Revelation of Mysteries, 2) Fathering and 3) Building the Ecclesia as a Family / House. His fathering function began soon after Jane Johnson, new name Destiny, told him, "I see you fathering generations". His fathering name is "Father of Many Generations". Since that time Jane and Bill have begotten 4 generations of spiritual sons. Each generation has begun to function as fathers.

Bill is especially honored to have been given revelation of what Paul called "The Great Mystery" which is the mystery of Christ and the Ecclesia. Some of this revelation is shared in the pages of this book. Bill sees that "The secret things belong to the LORD our God, but those things which are revealed belong to us and to our children forever... "

# Finding What is in Your Book of Destiny

## Warning

We see mountains merge as we ascend Mount Zion so don't deploy too early on a ministry in the area of your first identified mountain . Take time to see the bigger picture .

## Open our "book of destiny"

Our "Book of life" often does not match this so it is important to find out what is written in your book of destiny. **God is not waiting to reveal your scroll at some time in the future.** We were all designed to live out our scrolls from the start of our lives.

## Mandates

You can have mandates for things you do in heaven that are different from what you work out on earth.

## Legislating

We can do more legislating in the heavenly realms than on earth by starting to go into heaven with a few which may then lead to a bench around a mountain.

## Beings in the Spirit World

It is important to deal with some foundational things in the spirit realm before embarking on earthly ventures.

## Legislating for the New Wineskin

There is never one way but here are some possible ideas.

As a spirit being, we have all been given a unique calling and mandates that are written for us in our book of destiny.

## Desire is Key

Spend as much time in heavenly realms as you can seeking your scroll and asking the Father to imprint it on your heart. Sometimes you feel more than see, as you search your heart for what difference you most want to make.

**We all have the ecclesia as part of our scroll and you can begin legislating there.**

There are domains in society you can think about, family, business, governmental, education, welfare (including healing), media, arts/entertainment. I see the ecclesia is not a separate domain but to be over and involved with the others.

If you feel no emotion for any cause you may need to read a lot more about the needs in society linked with your passion.

Keep working on your gateways till you see/hear/perceive well yourself. God is not waiting to reveal your scroll. It is up to you to clear the gateways and set your desire on knowing.

Visit the scroll room and visualise **your book of destiny** and open the pages of the book. See what comes out of there. **Repeat** this for further clarification.

Your spirit knows sometimes before your mind. Begin to list things that you feel passionate about and what contribution you most want to make in what form. Think of themes in your life. What makes you righteously angry? Seek to identify a few words that sum up what this contribution is. Identify small steps you can take to outwork this or see a coach.

As a spirit being, we have all been given a unique calling and mandates that are written for us in our book of destiny.

### **Clarify Your Scroll**

Seeking your **men in white linen** can really help clarify your scroll.

The more we know about ourselves the more heaven can clarify things for us.

You can access the timeline, infuse with your future self and live out of that future.

You may have had prophecies but seeking for yourself is living from a higher age as one new man is not dependent on ministries.

You have 7 mountains in your scroll so don't just focus on one area. **They may be in different areas** and consider spiritually before practically.

**It is important to deal with the spiritual blockages before building something in the natural so forming a bench over something is helpful.**

You may have to give up the desire for money to live out your scroll (this journey is one of being a living sacrifice).

We all know our **scroll** includes making disciples (Matt:28) and love your God and others as yourself.

We are called to operate out of the four faces of God in all areas prophetic, apostolic, kingly and priestly so not just one area of gifting.

Helping people find what is on their book of destiny is crucial to empowering an effective army of equipped disciples to take dominion over our earth. The one new man knows how to empower others in their scroll. Not prophesy over them that this is your scroll.

# The Importance of Meeting according to Mountains or Scrolls versus the Weekly Church Gathering

**By Jane Johnson**

I am observing many people doing very different ways of doing the ecclesia. This is probably one of the more important pages to grasp.

We see we are on a journey of moving from lord to king discerning our mountains and operating as a government out of the four faces in benches (*not casual encounters*).

I have a watchman gift and mandate to remove the stumbling blocks and this is what I have been shown are different traps we can fall into:

## Traps

We learn about heaven for years – this is eating off the tree of knowledge.

We join prayer groups to be a warrior – we can still be a warrior but seeing and mandating the positive blueprint as we are above the enemy in heaven.

We still engage church but learn a bit of heaven – we are seeing we need a new wineskin.

We do encounters but don't want to build relationship of accountability or have a victim mindset that we are not loved.

We do conferences or look for local gatherings for content rather than seeking heaven for a blueprint and willing to bring something to the body

We have governmental authority when looking at the four faces of God in benches. We operate out of all four faces not singularity of gifts.

We learn in our own time engaging 24/ 7 not relying on encounters to learn.

We don't take responsibility for our scrolls rather than seeking those who have a similar scroll to work with and morphing the group according to what spiritual age they belong

The world needs you not to settle for less to alleviate its suffering – “We are told we will do more than Jesus.”

## Finding your Scroll/Calling/Book of Destiny

### **Reflections on Finding Our Scroll**

See we are told we have quite a bit on our scroll from the Bible – like go and make disciples (not go and plant churches), love God and love others as yourself so no one can really say they know nothing of what is in their book of destiny.

I see a lot are a bit uncomfortable considering they have any prophet, apostle, kingly or priestly function and want to find other things to do.

While some are needed to do those tasks, there is one question we need to ask ourselves when seeking to live out our highest calling, "How can I make the biggest difference to the world?"

We need people now who will play big as we are in end times. And see we have gone beyond what is my gift here to how can I operate as a manifest son.

**Mentors** – we have mentors that can coach you through your scroll.

**Domain connection groups** enable you to connect with others when you know a rough area – these help you define the specifics more.

## Myths Surrounding Finding your Scroll/Calling/Mountains

*By Jane Johnson*

Here are a few myths I see in heaven when engaging the body regularly:

1. God will tell me my scroll when I am ready – Your scroll was imprinted on your heart the moment you were born.
2. I am learning other things at the moment and will get round to it – **scrolls affect everything you do with your day** – you are working out some scroll whether you realize it or not, so isn't it better to find your highest calling?
3. I have sought my scroll but can't see anything – We know we are all called to the new wineskin to go and make disciples *AND TO THE LOST*, so no one can say they don't know their scroll.
4. Responsibility is not for me – I believe it is mainly about intimacy – Whether we like it or not we take responsibility for something in the world. We are called to take dominion and even create or name animals (Genesis 2). Intimacy can lead to being very insular if not balanced with responsibility. Even Jesus took responsibility in the trinity.
5. If some time has passed and you are having problems getting a mountain on your scroll, ask yourself if you are fighting responsibility somewhat and tether to having your highest destiny. The most profound coronations and destiny is there for you beyond your wildest dreams.

## **How Can Men in White Linen Help Us With Our Calling?**

*(This is my understanding and revelation. This is NOT a summary of the above podcast)*

**By Jane Johnson**

Matt 27:52 "Also the graves were opened and the bodies of many holy people who had died were raised to life."

### **Men in White Linen Have Unfulfilled Scrolls**

Men in white linen are specific people in the cloud of witnesses. Zech 3 shows how they were given white linen. Scripture says we are surrounded by a cloud of witnesses.

Until full perfection and there is a new heaven and new earth, we and men in white linen still have unfulfilled scrolls which the saints are there to help us work with. This is because new heaven and new earth has not been created yet on the earth's timeline. Of course out of time they exist and we can access eternity and bring it back along the timeline more and more until it compounds and becomes our reality.

As spirit beings we can access other spirit beings out of time. If we feel led we can ask to engage them by the intent of our hearts. We honor them and ask for their support.

### **Bench With Men in White Linen**

We can bench with men in white linen and so don't need to be frustrated that we can't find living people to bench with on the same mandate.

### **Their Calling Can Reveal Ours**

They can show us more of our scroll when we understand theirs, e.g., Moses releasing people from slavery can be an indication of our calling.

Several ones can show a progression of our calling. We can ask to engage them to reveal more or, if that is difficult, you can read a summary about their lives.

### **Honor Is Crucial When Engaging**

Honor is a crucial initial step when engaging them, recognizing their sacrifice and how the Father still wants to use them. "They have, like us, have been given a role."

### **Where Do We Connect With Our Men in White Linen?**

I see them living in us. I am the living body for them to manifest through my DNA that they share in the flesh. I manifest Christ, and Christ is the manifestation of them...all those who were righteous from the seed of Adam.

# The Secret to Fulfilling Your Destiny

*By Bill Brady*

This page will activate you into building with the Master builder and doing so by a flow of Holy Spirit.

**“Unless the Lord builds the house the builders build vain.”**

You will fulfill your destiny when you build what God wants you to build.

- God has a plan for what He wants you to build.
- God wants you to build together with other believers.
- God wants you to build with Jesus.

We experience building with Jesus as:

- receiving blueprints
- receiving mandates
- building according to a mandate
- by flowing with Holy Spirit

## BLUEPRINTS

- A blueprint is God’s plan for a heavenly building.
- A destiny scroll is a personal blueprint.
- A destiny scroll is a plan for your life.

Biblical Examples of Blueprints:

- The plan for the tabernacle that God gave to Moses
- The plan for the temple that God gave to David.

We are God’s temple.

- There is a plan for the Universal Ecclesia.
- There is a plan for every smaller expression of the ecclesia.
- There is a plan for every bench.
- There is a plan for every believer.

Engaging your Book of Destiny.

- You can engage to see your current pages and current destiny.
- Open more and more pages.
- You can ask to see the end page.
- You can go to the judgement seat of Christ and have all before now judged.
- Wood, hay and straw will be burned up.

- Gold, silver and precious stones remain.
- You can overlap the pages with the Lamb's book of life.

Engaging a blueprint is like engaging your destiny scroll.

- First you receive the blueprint.
- Then you engage it.

Every bench has a blueprint.

- It is usually given to one of the bench of 3.
- The bench of 3 comes to agreement about the blueprint.
- The bench of 3 passes that understanding to the bench of 12.
- The bench of 12 builds according to the blueprint.
- Benches of 12 are meant to build themselves up into Manifest Sonship.

Mandates

- A blueprint is the big-picture plan for the purpose that God has for a bench.
- A destiny scroll is the big-picture plan for a life.
- A mandate is the small-picture plan for a part of a blueprint.
- A mandate is a work order to build a smaller part of the big building.

A mandate reveals what God wants us to do right now.

- It can be as small as, "Say this to that person".
- It can be as big as something that will take days or weeks to do.

We receive many mandates in a day.

- We wake up in the morning with one or more mandates on our heart.
- Mandates come to us throughout the day.

Flow

We have all experienced flowing with Holy Spirit.

- Flow prompts us to do something that Holy Spirit wants done.
- When we say "Yes" then it does get done.
- When we say "No" then it doesn't get done.
- When we continue to flow then it continues to get done.
- We do this with the energy provided by Holy Spirit.

Flow is experienced as a river flowing from the believer.

- The flow can be a pure flow purely from God.
- The flow can be a mixed flow. Some from God and some from man or a spirit.
- We learn to flow with less and less mixture.

Working on a bench protects us from mixed flow.

- Together we work to discern blueprints and mandates.
- Together we discern what is of God.

Jesus is building the Ecclesia

- by blueprints, mandates and flow.
- by united benches of 12.

We are all meant to be a member of at least one bench of 3 or 12.

Jesus is building His Ecclesia. We are to build with Him.

- There is no greater work!
- There is no greater source of joy!
- There is no greater adventure!

Our lives are on-the-job-training.

- We will learn how to function in blueprints, mandates and flow.
- It's not hard.

Once you learn how, then your life will be different.

- It will be a moment-by-moment experience.
- Building with Jesus according to your destiny scroll.

There is no greater adventure!

# The Importance of Looking to the Jerusalem Above As Our Destiny

*By Bill Brady*

The mystery of Jerusalem is part of the great mystery of the Ecclesia.

What is the mystery of Jerusalem?

- Jerusalem is called the Holy City.
- How do Old Jerusalem in Old Earth, Mount Zion, City of Salem, New Jerusalem, City of Zion and the City Everlasting relate to one another?

Part of the answer is that there is a progression up through the ages.

- Old Jerusalem was the only version of Jerusalem before the heavenly cities.
- We do see three aspects of it in the three names: Jerusalem, Mount Zion and Zion.
- Salem is the heavenly city before New Jerusalem.
- New Jerusalem is in the Now.
- City of Zion is in the Age of Zion in Eternity.

How can we picture this?

- Picture it as a string of pearls.
- Each pearl is a heavenly city.
- There is a long distance of string between the pearls.
- Now take the string of pearls and hold it between your forefinger and your thumb.
- You are either holding a pearl or you are holding the string somewhere between pearls.
- Where you have chosen to hold the string of pearls is where the Ecclesia is now.
- Individuals are out exploring past this place.

Paul spoke of the Jerusalem which is above.

- He said that the Jerusalem that is above is our Mother.

**"...the Jerusalem above is free,  
which is the mother of us all.**

**For it is written:**

**"Rejoice, O barren,**

**You who do not bear!**

**Break forth and shout,**

**You who are not in labor!**

**For the desolate has many more children**

**Than she who has a husband."**

“The Jerusalem that is above” is our Mother because she gave birth to us.

- Exactly how this applies to heavenly cities is hidden.

I remember the birth of the True Wineskin during an ascension.

- We travailed in birth until she was born.
- Then we looked up and saw New Jerusalem.
- On the next ascension we entered New Jerusalem.

The currently pregnant heavenly city gives birth to the next form of the Ecclesia.

- That heavenly city gives birth to a wineskin.

Zion is said in scripture to give birth in a day.

**“Who has heard such a thing?**

**Who has seen such things?**

**Shall the earth be made to give birth in one day?**

**Or shall a nation be born at once?**

**For as soon as Zion was in labor,**

**She gave birth to her children.”**

- The time between conception and birth was very short.
- The City Everlasting gave birth to the Everlasting Wineskin on 1/8/18.

**Abraham was looking for a City.**

- Every believer since Abraham has been looking for a City.
- Whether they knew it or not.

**Every believer has at least a small desire to find the Holy City.**

- The Ecclesia of any time in history has been looking for the Heavenly City.
- The entire Ecclesia of our time is now looking for the City Everlasting.
- Some who are now Manifest Sons participated in that birth.

**City Everlasting gave birth to the Everlasting Wineskin.**

- The flow from City Everlasting contains Everlasting Love etc.
- This new Wineskin is a new form of the Ecclesia.

[Birth of the Everlasting Wineskin 1 8 18](#)

**We have recently sensed the birth of the Living Sacrifice Wineskin (Fall of 2018).**

# Don't Deploy Too Early!

*by Bill Brady*

I awoke seeing a vision and hearing a word.

- I saw a World War Two era troop truck full of soldiers.
- I heard, "Don't deploy too early!"
- I laid in bed for a while receiving the mind of Christ as to the meaning.
- Here is what I sense.
- I invite you to see if it resonates with you.

The troop truck is from a war fought before I was born.

- World War One was called "The War to End all Wars".
- We can learn from World War One is that there will always be another war.
- No one fought World War Two to end all wars.
- They fought to end World War Two.
- There is lesson that can be learned from World War Two.
- We learn a lesson about evil.
- There is little doubt that Adolf Hitler was an evil man with an evil goal.
- He wanted to conquer the world.
- He could not be stopped with anything less than war.
- He had to be defeated.
- I honor all those who have fought in a war seeking to defeat the evil of their day.

Ultimately, Jesus will end all wars.

- He won that war before any of us were born again.

**"He shall judge between the nations,  
And rebuke many people;  
They shall beat their swords into plowshares,  
And their spears into pruning hooks;  
Nation shall not lift up sword against nation,  
Neither shall they learn war anymore."**

This is the meaning of the vision of the troop carrying truck.

- Don't fight a war.
- Our mandate is to be part of ending all war.

What is the meaning of the statement, "Don't deploy too early"?

- What does it mean to deploy?
- It is a verb from the noun deployment.

- Deployment: "The movement of troops to a place or position for military action."
- Deploy: "Move troops into position for military action".

We are soldiers with a mission to fight our destined fight.

- We are soldiers.
- We are a unit of soldiers.
- We have an assigned place in the battle.
- Jesus is moving us into the place that He has planned for us to fight.

There is a fight going on all around us.

- We are soldiers.
- We are meant to fight.
- We want to get into the fight.
- We are lords.
- We want to clear the enemy from every area of our lives.
- We are kings.
- We want to clear the enemy from every area world-wide.

However, we are also sons on the edge of manifest sonship.

- We are in the last stage of a long war.

We are a unit of troops with a planned place of deployment.

- Jesus has chosen us to deploy us into manifest sonship.
- He is telling us to not get out of the truck until we reach that place.

We have been born and born again for this time.

- We live in the time when we are able to overcome death.
- We live in a time when we can enter Manifest Sonship.

Manifest Sonship is our destiny.

- We are destined to answer the groan of all of creation.
- Anything less than this is deploying too soon.

**Don't deploy too soon!**

What does this mean about our lordship and our kingship?

- Do we do nothing as lords and kings?
- No!
- But we are not to get diverted from our mission by endless fighting.

There is a unique balance for us because of the nature of our mission.

- We do rule as lords and kings.
- I would suggest that we only do so in support of our overall mission.

- We clear the road and protect the troops on the way to Manifest Sonship.
- As lords and kings we are not destined to do any more than this.
- We are not destined to fight an endless war that consumes our lives.
- We are destined to stay on mission.

Jesus told us that we can move mountains!

- When we reach Kingship we can move our lord mountains up into Kingship.
- When we reach Manifest Sonship we can move what was our lord and king mountains into Manifest sonship.
- By faith we can move the mountains of lack away from every area of our lives.
- This fully prepares us for our mission as Manifest Sons.

Don't deploy too soon!

- We are in latter days.
- Fixing world problems is not the key to massive accelerated change of Heaven and earth corporately.

It is a military principle to pick your battles.

- We are strong warriors.
- There are many battles that we could win.
- But not all of them are part of our mission.
- We are not called to redeem an old mountain.
- (Fixing world problems all the time.)
- But, rather, to contribute to a new mountain.
- One with new values.
- One ready to see the final stage of the earth.

One famous general explained how to win a battle.

- He put it simply in simple words.
- "He who gets there the firstest with the mostest wins!"
- I believe that Manifest Sonship will remove all traces of evil in creation.
- I do know that our first mission is to stay on schedule to get there.

I have a sense that One United Body's mission is to bring a first group to Manifest Sonship.

- When there are enough Manifest Sons we will come to a "tipping point".
- After that we will see a flood of Manifest Sons rising up in the Universal Ecclesia.
- We have repeatedly been mandated to pioneer for the Universal Ecclesia.
- We have repeatedly been mandated to do governmental actions for the Universal Ecclesia.

Often, this has been in unity with Company of Heaven Dwellers.

- This is entirely appropriate.
- God blesses unity.

- “How good and pleasant it is for brethren to dwell together in unity...”
- I believe this is why we are being told not to deploy too early.
- We need to accomplish this mission.

I suspect that it may be very simple.

- As I write I am seeing a vision.
- One finger is ready to push one button.
- The finger belongs to the one corporate Manifest Son.
- We, working with Jesus, will push the reset button on creation in one final governmental action.
- Behold, all is made new!

Don't deploy too soon!

## Becoming a Facilitator for your own Scroll Group

*By Bill Brady*

Everyone is a facilitator once they start facilitating.

- Best thing that could happen is that a group gets together and facilitates itself.
- There is one difference between a facilitator and one who isn't a facilitator
- It is that one has taken the leap and started and the other hasn't yet.

This page came from one of Scroll group's weeks.

- <https://growingpeopleframework.wordpress.com/2018/01/25/the-secret-to-fulfilling-your-destiny/>
- Your personal destiny scroll (which may also be experienced as a book) is a personal blueprint.
- It is a blueprint for your life.
- Blueprints are also given for businesses, benches, families etc.

He gives the overall plan = blueprint.

- He gives the day to day and even moment by moment assignment.
- This is what He wants you to be doing right now = a mandate.
- You do that assignment by flowing with Holy Spirit.
- We did Scroll Group by this very same process.

A blueprint or mandate doesn't have to be seen in a vision.

- Much of the time you just know it.
- One moment you didn't know.
- Then you do know.

It can be revealed progressively.

- Much of the journey is progressive.
- By which I mean you are given some revelation.
- When you start actually doing the little that you do know, then He gives you more to do.
- You don't get more until you get started.
- Explains the saying, "God can only steer a moving ship."

See why I say that is actually better for you that one of our "facilitators" isn't facilitating you.

- Each of us is meant to facilitate ourselves on our own personal journey.
- And to facilitate others into becoming "self-facilitating."

# The Importance of Understanding Ages and NOT TAKING CAMP

*by Jane Johnson*

## This May Be One of the Most Important Pages to Grasp

We invite positive contributions and ask that you seek God for confirmation of your own definition of Ages, so we are not reacting against religious waters in our body. It is your responsibility to confirm things in heaven. This understanding may change as this is the nature of living out of revelation not doctrine.

This topic opens up the understanding of how we can reside in eternity and govern from there so that we are growing in understanding the immense size of what we are called to AS MANIFEST SONS.

### Ages

We are resonating strongly with revelation on 9 ages:

1. **Enlightenment**
2. **Church Age,**
3. **Ecclesia Age**
4. **Age (Order) of Melchizedek**
5. **Age of Peace**
6. **Age of Rest**
7. **Age of New Beginnings**
8. **Age of Zion**

We are beginning to see we operate out of the age we believe in **governmentally**. So it is important to group with those who are moving in the same age and call others in. We have found it to be unfruitful to try to persuade or argue with those who are not hungry for change. This does not mean we can't access any realm in Heaven, but it is about where we govern from with the greatest authority.

**After** seeking Heaven repeatedly in encounters about this, as a father, I currently hear that we need to grow in understanding and be led through some ages. Rather than thinking we can function out of the last age immediately. Our spirit man needs to mature by taking responsibility to know heaven well enough that our creation is not destroyed. Responsibility is not works when done in rest and where joy and mandates exist (i.e. you're led not doing from a sense of duty).

### Enlightenment

Where we get a sense of a higher purpose and God and a sense there is a creation and not random chaos under no authority.

### **Church Age**

Where we have needed a covering or building instead of seeing we are the temple of the Holy Spirit or where 2 or 3 are gathered there is Jesus. We are seeing the five-fold ministry only is relevant in this age.

### **Kingdom Age**

We begin to see that we fulfill God's purposes through our jobs/scrolls rather than just ministry in a church (often called Marketplace thinking). We move to understanding a large kingdom of heaven exists with many layers of heaven.

Moving away from bringing people into church and planting churches, but rather to making disciples and manifest sons. Also ruling as kings on our mountains and away from servants, bond servants or orphans. We understand what a manifest son is and the difference between a Lord and a King. We accept our Call to Dominion over the earth as mentioned in Genesis.

### **Ecclesia Age**

Ecclesia Age is moving to participating in government. No more spectators/listeners. We see we are all equal priests.

No paid clergy to do the job of showing us the way.

We recognise we don't go to church. Instead, we are the temple of the Holy Spirit.

We are one united body.

We operate around scrolls and ages we choose to live out of, so are outward not just focus on relationship with God and having a receiving mentality.

We choose responsibility not just intimacy and cleansing. We can all become oracles seeing the heavenly blueprint. We can still make disciples without going to traditional church.

Seeing courts maybe in this age.

We learn to become a judge in our own courtroom and see we are called to be a father of generations.

We move away from wanting prophecy given to us but learn that in Benches we can operate out of all four faces of God. We see a blueprint and do governmental acts to operate in all four faces of God (lion, ox, eagle, man).

### **Order of Melchizedek**

We become one new man (uniting Hebrew and Greek Christian thinking) and awaken to the fact in eternity we are without genealogy, a spirit being capable of being outside time.

We move beyond spiritual warfare to seeing the positive heavenly blueprint and as light beings we transform the earth and co - create. We do not need to convert to Hebrew traditions as we are creating a new merged order (new Heaven and new earth) where the Jewish people are to give up their traditions also.

### **Age of Peace**

We don't need to warfare in the sense of killing dragons. We move above principalities and grow in understanding of who we are and our authority. We live out of our future selves. We can step into our future selves and see more about what we are doing and what character we possess to cope with it.

### **Age of Rest**

**This is not** about letting go of responsibility **and engaging intimacy**. Age of rest is ruling in the midst of chaos. We rest from dead works seeking identity without christ . We still need to do works which are not dead to govern . We have such authority that we show up to govern, no more legislating and more hearing cases in courts. **We can rule by releasing angels, living letters, using our shepherd staff like moses, breathing**. Releasing light and a frequency. **The father** created then rested from creation, but that rest is always hovering ruling. He never takes his rule away from creation in the day of rest.

### **Age of New Beginnings**

We see we live out of the reality of Rev 21 and 22 and abundance, where we see the need to create a new Heaven and a new earth. We can begin our part in creating a new heaven and, which when formed, will lead to a new earth. But we have to create in heaven before we see a new earth.

**We see we are the New Jerusalem descending** ruling this like a city and our body represents the temple able to govern where ever we have a mandate. We hover over things and can mandate angels to keep the frequency going of the mandate.

### **Age of Zion - Eternity/Infinity**

Here we rest fully on the complete finished works of Christ as Jesus died before the creation of the world we are told in scripture.

We reside and govern from many realms in eternity/infinity benching with the trinity, with Father as Ancient of days when we are told we are ready. And benching with Jesus in infinity in the city of Zion with David ruling in rest over the cities/kingdoms we have created. We are able to create new realms as Heaven is always expanding.

Rev 22 says we still rule. This is not works that are spoken against in the Bible as this is linked with salvation.

***(See our pages to see the organic way we see the new wineskin meeting according to ages and scrolls not location).***

### **The Finished Now in Infinity**

We have discerned in encounters that the city of Zion may be the final place we rule over when there is a new heaven and new earth (see ps 48- 8 to 12). This becomes the **finished now**. As there is an eternity Now where we release the existing qualities of Heaven like love joy peace.
